

BEISSEL
MAKES FASHION FASHIONABLE

WORLD-CLASS SCHIFFLI EMBROIDERY NEEDLES.

FOR TOP-CLASS FINISH AND PERFORMANCE.

200-year German technology and stringent manufacturing procedures has powered Beissel to produce high-potential Schiffli needles for large and fully automatic embroidery machines. The needles can sew large area production of textile surfaces and trimmings. That includes curtains, marquissette, net curtains, decorative motifs on tulle knit wear and more. Now, attain perfect patterns with Beissel precision.

AVAILABLE FOR ALL SYSTEMS. AND ALL MACHINES.

Needle Systems	Machine Types
854S, SHX1	ZSK, ZANGS
854S, SHX1 SA	ZSK, ZANGS

110S TOP SA	SAURER
L83 TOP	LASSER
L83 TOP SA	LASSER

WIDE EYE FOR EFFORTLESS THREADING

The SA (Special Application) needle comes with an extra large eye for easy threading of ornamental embroidery threads, which are thicker in size. The bigger eye ensures secure loop formation and non-stop sewing performance.

ALL KINDS OF NEEDLES FOR ALL KINDS OF STITCHES.

Material	Needle Size	Recommended Point
Woven, curtain & lace	80-130	R, SPI
Tulle material	80-110	TR
Knit materials	80-110	SES and SUK
Gauze	70-110	SUK, Medium ball point

SPECIAL COLOUR CODING

The special colour coding on needles help you to identify the needle size quickly, whenever required.
